Foreword:

There are many ways in which Boswell High School students could celebrate the twenty-five years of service H. B. Speicher, our Supervising Principal, has given our school. We have tried to make this edition of the Rex Collium not only a dedication, but a record of the progress made in Boswell High School throughout the past quarter of a century. We hope that upon looking through this edition in years to come, it may present a panorama of the school's history that will carry many pleasant memories.

DEDICATION:

To H. B. Speicher in appreciation of his twenty-five years of service as Supervising Principal of Boswell Borough Schools, we dedicate this, the 1946 *issue of Rex Collium.*

It is a rare privilege to serve one community for a consecutive period of 25 years. The success of such an undertaking calls for acknowledgement to the many teachers, members of the school board, patrons of the community, as well as to the many contacts to other high schools of the country. We are proud to give these groups due consideration for all the splendid cooperation manifested throughout these years of growth and development of the school. Our success is tied into the history of the school as other people helped to make it successful.

Guiding an institution in its growth and development is like guiding an individual. It is easy to point out material progress. Buildings, beautiful surroundings, physical equipment speak for themselves, but a school system is not just a physical plant. The real school is a spirit that animates —a spirit that permeates the faculty, the student body, graduates out in the fox holes, and the one who administers. It is the sum total of its service to youth. I believe it is the cumulative effect of good teaching, good contact between pupils and teachers, between teachers, and between teachers and the head of schools. We measure success in gaining opportunities for children to grow in stature of body, mind, and soul. This phase of the work was difficult to master because the community was divided in its loyalty. Some of the students went to other schools and became loyal to those schools. It is however a spiritual fact that can not be reduced to figures and diagrams.

Boswell schools have made progress during this quarter of a century. Many teachers remained here during these years. The high school has grown from 45 pupils in 1920 to 430 in the 1930's. The number of graduates increased from 4 in 1914 to 88 in 1936. There are over 1,250 alumni from the school and 390 of these served in the Armed Forces. The curricula included only academic at first but gradually increased its offering to Art, Music, Commercial, Vocational and Industrial Arts. The high school building was occupied in Janaary 1924 and was erected at a first cost of $51,000.00. Three additions were made at a cost of $34,000.00. making the total cost now $85,000.00 with another $25,000.00 of equipment. The grade building has been remodeled and redecorated from basement to roof. All of this has been accomplished by a small community and the financial aid of the State Council of Education and the Works Progress Administration.

Since Boswell took the initiative in providing equal opportunities for the students of this attendance area and made the financial struggle to keep Boswell schools at a high standard of efficiency, we take this opportunity to thank our citizens for their willingness to pay 25 mills tax for school purposes. We feel proud that the remaining bonds are only $9,000.00. It is our hope that the next step will bring a Joint School and the whole area will find it possible to build additional buildings and facilities to cope with the best schools of this county.

We have maintained a high standard of work through this World War II period. Teachers have remained on the job and students have remained loyal to the school program in spite of temptations to get jobs and earn big sums of money. It was a remarkable feat that we could

maintain our enrollment during these hard years. Now that the War is over and peace is in the making we need new courage and new determination to move on to the goal of higher achievement. We want to encourage teachers and students to maintain high standards even though rewards may not seem so promising and say with the unknown author:

"Earth gets its price for what earth gives us.
The beggar is taxed for a corner to die in.
The priest has his fee, who comes to shrive us.
We barter for the graves we lie in.
In the devil's book all things are sold;
Each ounce of dross costs its ounce of gold.
For a cap and bells, our lives we pay;
Bubbles we buy, with a whole soul's tasking.
It is only heaven that is given away;
It is only God can be had — for the asking!
No price is set on the lavish summer,
June can be had by the poorest comer."

H. B. SPEICHER,
Supervising Principal.

We wish also to honor Mrs. Speicher for her unselfish devotion and patronage to all school activities. Always ready to help, always willing to help, surely a friend Boswell High School is proud to list among her patrons.

"Such a friend, I say, and my tale is told,
I wouldn't change for her weight in gold!"

THE CLASS OF 1946

FLOWER—The Talisman Rose **CLASS COLORS—Green and Yellow**

CLASS MOTTO—"Find a way or make one."

September 1, 1942, saw a group of 115 Freshmen starting on an excursion covering four years.

The first day found us covered with lipstick and the boys parading around with their shirts and trousers on backwards. Bashfulness and backwardness filled our cards pretty well. We could be seen in the halls looking at the numbers on each room, to see if we were at the right place at the right time. But there were Freshmen on the basketball, football and wrestling teams. The least we could say was that we had made a start. Our first year was largely spent in making acquaintances, and then we didn't learn to know each other very well.

Due to our lack of the full spirit of high school, we got rather disgusted at times. Sometimes home work dominated our spare time. We began to wonder what high school life was really like. Was it going to be all home work and hickory soup or was it going to be a happy medium of work and pleasure?

The year seemed to pass slowly but when May arrived we were wishing we had more time to spend in school. The summer vacation found the larger part of us at some kind of work.

The number of students had slightly decreased at the beginning of our next year. Some of the class moved to different localities and some were in the service of our country.

The Sophomores began to take an active part in the extra-curricular activities as well as the regular school routine. The feeling that we were part of the school gave us a brighter outlook towards school life and work.

Our Junior year found us ready to go. It can well be said that the Junior year is the best year of your school life. You are acquainted with the members of your own class as well as those of the rest of the school.

As a whole the class did a fine job in its third year. Our play, "Strike Up The Band," was a big success. Along with the cast and the direction by Miss Simchock, the class did its bit by selling tickets.

Under the guidance of Miss Lohr we undertook the job of selling personalized stationary. This proved a decided success and greatly helped our bank balance.

The Junior "Sock Hop" provided a topic for conversation and turned out exceptionally well.

School was becoming more and more a part of us.

We have now entered the final leg of our flight. For some there will be no other schooling, while others will go on for a furtherance of their education. Regardless of the future, we will all be able to look back to the days spent in Boswell High and wish we were back again. Certainly we all agree that our school days are the happiest days of our lives.

OFFICERS OF THE SOPHOMORE CLASS
Evan O'Baker, Secretary; Elizabeth Pokos, President; Ray Smith, Vice President; David Volk, Treasurer..

WE SOPHOMORES

At last, after eight years of grade school, we became Freshmen. As usual, we were green and knowing what to expect from our upper-classmen, we were frightened. By the close of the first day we all resembled Indians and at least five pounds of lipstick had been consumed. Our subjects were different and our teachers were new but we soon became acquainted. Our officers elected were Ray Smith, President; David Volk, Vice President; Virginia Holsopple, Secretary; and Dean Shankel, Treasurer. Annetta Franke and Lois Hay were elected cheerleaders and our class was equipped for business.

On Friday morning we attended our first Assembly. As we entered the gym there was such a commotion we almost expected to see the roof raise.

Then came the dance in honor of the Freshmen. We demanded decorations and they were furnished, amid much coaching from the sidelines.

The last Assembly of the year was in charge of us Freshmen. Under the instruction of Miss Sprowls we produced a play written by Elizabeth Pokos. We also helped Miss Albanese, during the year, in a production called "Daffey's Haven." Our boys were active in all the major sports.

How time flies! We are now Sophomores and it is our turn to decorate the Freshmen. The class was organized, officers elected, and two Majorettes added to the list. They are Nancy Paller and Jackie Kabazie.

Our first Sophomore activity was a luncheon followed by a dance in the gym. We also sponsored a Valentine Day Dance.

It is our sincere desire that our next two years may be as prosperous as our first two have been.

SCHOOL CALENDAR

SEPTEMBER 4, 1945—Opening Day! "Gee, but it's nice to be back." While the Seniors are admiring the new edition to their class, the "green" Freshmen are trying, in vain, to dodge their initiators.

SEPTEMBER 7, 1945—Today Coach Horner's Bears traveled to Bedford for the first football game of the season. The score—55-0, in favor of the wrong team.

SEPTEMBER 10, 1945——What's that ? ? Spies and G-Men in Boswell High ? ? No cause for alarm, it's the Lewis Players, who presented a comic two-act play. This was the first of a series of programs furnished by our Lyceum Program. Good! ! !

SEPTEMBER 24, 1945—When we have finally adjusted ourselves to our schedules along comes potato picking season and——oh boy! Only half days of school. Cute farmerettes, but oh those sore muscles.

OCTOBER 9, 1945—Today Mr. Robertson presented his "Song Hits of 1945 B. C." Now the boys have new love songs to sing.

OCTOBER 10, 1945—All of the Hi-Y boys were on hand for their dance. Even Mr. Blough was there. He was a little alarmed until someone told him that the students weren't crazy but only jitterbugging.

OCTOBER 17, 1945—What's that you say? A touchdown ? ? Yes, Boswell scored when Bob Brougher crossed the goal line in the Somerset game. Somerset won 27-6.

OCTOBER 31, 1945—Could this be swooning I hear in the Auditorium? Why, of course. Eddie Jones of the Weiser Music Company, is singing "Till the End of Time."

OCTOBER 31, 1945—Hurry, hurry, everybody—it's the Junior Halloween Dance with spooks—ghosts—and such.

NOVEMBER 1, 1945—"What has become of the male population of B. H. S."? They're all out hunting. (Bunnies of course).

NOVEMBER 15, 1945—Oh! Oh! How sore we all are after the Eagle Skating Party. We had lots of fun. If you don't think so just ask Miss Sprowls and Miss Lundquest. THEY KNOW.

NOVEMBER 21, 1945—The hero returned—they were married—they lived happily ever after. (We hope). Yes, we mean Miss McKelvey and Mr. Harold Todd.

NOVEMBER 22, 1945—And now comes Thanksgiving on which day we all give thanks —for a two-day vacation.

DECEMBER 6, 1945—The first play of the year was presented today. It was the Rex Collium play, "You're Telling Me."

DECEMBER 7, 1945—Today our basketball team made its first appearance and the student body was filled with hope for a promising year. However, the Alumni outscored our boys 33-25.

DECEMBER 17, 1945—"You look pale; do you feel sick?" Such were the questions voiced in Boswell High's halls as the flu epidemic overtook us. While other schools were closed, we were very "fortunate" in being able to remain open for business.

DECEMBER 20, 1945—What caused all the excitement in the typing room today? Why of course, it's the new printed Eagle. Everyone liked it very much.

DECEMBER 21, 1945—Now we adjourn to our homes to anxiously await the coming of Santa Claus. The Glee Club held a very beautiful Candlelight Service and

SCHOOL CALENDAR

the Dramatic Club presented "Why The Chimes Rang" to inspire us with the true spirit of Christmas.

DECEMBER 26, 1945—Tonight is a big night for the Seniors who proved that a lot of planning and hard work can bring very pleasing results. The Senior Christmas Dance was a big success.

DECEMBER 31, 1945—"Was Santa good to you?", asks everyone as we arrive back at school. We are ready to start work again (supposedly harder than ever).

JANUARY 4, 1946—We traveled to Somerset tonight with the basketball team, only to be met with disaster. We suffered several casualties, among them Lee Hunter, our star, and we also lost the game 34-17.

JANUARY 9, 1946—"Could I be in Hollywood?" No, it's only the Seniors having their pictures taken. Mr. Cover turned the library into a first-rate studio.

JANUARY 11, 1946—Have our Seniors taken leave of their senses? They look so out-of-this-world. Yes they have just completed "Macbeth."

JANUARY 18, 1946—"Just imagine—we have been in school for a half a year.' My! How time flies. Tonight we learned what school spirit and team work can accomplish. In a very exciting basketball game, before an extra-large crowd, our boys pushed the Conemaugh Township team back for a 25-23 win.

FEBRUARY 4, 1946—Do you think that Mr. Bentley could produce music if he tapped the right spot on some of our students heads? The Bentley Trio produced some very entertaining music on the wooden keys of their Marimba.

MARCH 6, 1946—The "March of Dimes" dance, sponsored by the Tri-Hi-Y was on the list for tonight. Oh! Those added attractions! ! !

MARCH 14, 1946—Hearts, Hearts, Hearts. It's the Valentine Dance sponsored by the Sophomores. A good time was had by all.

MARCH 28, 1946—Today we were entertained by the Junior play, "The Late Mr. Early."

APRIL 5, 1946—We really found out how much talent there was in our school when each class presented an original skit in Assembly.

APRIL 18, 1946—Today, because we are expecting the Easter Bunny, we go home with happy hearts for our Easter vacation.

APRIL 23, 1946—What was that peculiar light radiating from the Auditorium this evening? Just the gold braid on the new Band uniforms. The Band and the Glee Club presented a concert for all the music lovers of the community.

MAY 10, 1946—Everyone is in a hurry and things are in confusion as we prepare for that big event—THE PROM.

MAY 17, 1946—This is an important day in the life of every Senior. Class Day celebrated and in the evening a formal dinner at Green Gables Inn.

MAY 21, 1946—Tonight the Seniors, wearing their caps and gowns for the first time, solemnly attend Baccalaureate Services.

MAY 21, 1946—COMMENCEMENT! The day the Seniors have long awaited. Yet they all are saddened at the thought of leaving B. H. S.

MAY 22, 1946—"Goodbye, we'll tell President Truman hello for you." The Seniors depart for Washington.

MAY 24, 1946—At last we put away our books. Tomorrow we will set off for a gay time at Idlewild Park.

MAY 27, 1946—Another year of happy memories. This was really a grand year in Boswell High.

LIBRARY CLUB

1945 and '46 has been a year of experience for the Library Club. Its members have engaged in a vigorous two-fold program, professional and social. Through the courtesy and understanding of student librarians students have come to realize a richer use of the library and its many tools. In addition to its auxiliary position to the classroom the library served as a center of school interest, a place to meet friends, read current news and discuss events of school interest.

Socially the year has been one of pleasant association and memories. A rollicking gym party, a skating party, Christmas get-together, ice cream freeze, Valentine-Day tea, and Backward party sponsored in league with other clubs highlighted the year's activities.

THE EAGLE STAFF

For the Eagle staff this has been an active and experimental year. The staff nas not only designed a new illustrated head for the mimeographed-type Eagle, but has also edited several editions in offset lithography. This new type publication was a success, brightened as it was by candid shots about school.

The club has been active financially, having conducted a successful magazine campaign and sales of ads and plastic basketball pins.

The social events of the year were many and varied including a Gym Party, Skating Party, Ice Cream Freeze, and "Backwards" Party.

The Eagle is progressing rapidly each year and expects to go on to bigger and better things.

THE THESPIANS

The dramatic organization of the school, the Thespians, were kept busy throughout the year filling in on Assembly programs. Among the better remembered short plays were "The Echo" and "The Light House Keeper's Daughter."

Like all other dramatic groups, the Boswell Thespians find that the stage is a good personality builder, and high school productions serve to build character.

PHOTOGRAPHY CLUB

The objective of the Photography Club are to gain an elementary knowledge of the printing and developing of good pictures.

Now that the war is over and it is easier to obtain supplies, the club has resumed its regular schedule of meetings. There are meetings at least once a month wherein the club develops and prints pictures, and also there are business meetings twice a month. At the business meetings the group discusses operation of a camera, the different kinds of film, and other subjects pertaining to good photography.

The social life of the club has been varied, including a Hike, a Theater Party and a Skating Party.

THE GLEE CLUB

Good fellowship, the joy of singing together, and the satisfaction of well-blended voices have a school-wide appeal and make this a very popular activity in the upper classes. The group has a wide and varied repertoire of choral literature and is always willing to provide suitable music for any program, from the gaiety of an English folk-song to the solemn reverence which the group created at its Candelight Christmas Service.

"Music, when soft voices die,
Vibrates in the memory."

AMERICAN LEGION AWARD

The American Legion School Award is an educational activity promoted by Legion Posts.

The Boswell Legion Post 461 is making this an annual award to begin with this graduating class of 1946.

The award is designed to:

I. Place emphasis on the development of the qualities of better citiztnship and character in school pupils.

II. Promote in youth an understanding of the qualities of Honor, Courage, Scholarship, Leadership, Service, Companionship and Character.

III. Impress upon youth the great importance of developing these qualities in their own lives that they may become Worthy Americans—worthy of the rich heritage which has been handed down to them through sacrifice, blood and tears.

IV. Prepare Young America for intelligent participation in writing a just peace and in planning the post-war world.

The class of '46 voted to determine which boy and girl best fitted the above qualities. Ethel Turney and Dwane Yoder were chosen.

The individual awards will be given by a Legion member at the Commencement Exercises. A School Award Plaque will also be presented to the school. The winners names are to be engraved upon the Plaque to be left as a record for future reference.

September 7, 1945, found us battling the Bedford Eleven for our first grid game of the season. The boys put up a tough fight but were plowed under by overwhelming odds.

Bedford 55 ..... Boswell 0

The second game of our '45 season was played at Conemaugh Township. Outplayed through the entire game, the boys kept plugging up to the last whistle.

Conemaugh Township 33 ..... Boswell 0

Our first home game arrived September 28. Dale's Purple Raiders landed ready for battle.

Dale 18 ..... Boswell 0

On October 12 the Bears traveled to Shade Township. "Bessie," the cow brought refreshments to the team. The game was packed with thrills and spills.

Shade Township 20 ..... Boswell 0

Our next feud was with the Eagles of Somerset. Receiving the ball on the "six-inch" line, the Bears plugged it over to score their first touchdown of the season.

Somerset 27 ..... Boswell 6

On October 26, the Bears arrived at Richland Township, along with a blizzard. The Townshippers were held down to a minimum throughout the entire game.

Richland Township 13 ..... Boswell 6

JACK FORESPRING, playing his second year of varsity basketball, is this season's high scorer with 64 field goals and 73 fouls for a grand total of 201 points. Jack is undoubtedly the fastest man on any of the county high school teams this year. This blond forward is a Junior and will be back to bolster next year's squad in their campaign.

STEVE KUTCHMAN, a long-shot artist of the quintet, amassed a total of 51 points on 19 field goals and 13 foul shots. Steve is a Junior and should prove a sparkplug in the '46-'47 court season. His knack at sizing up opponent's plays and breaking them up makes him indispensible to the outfit.

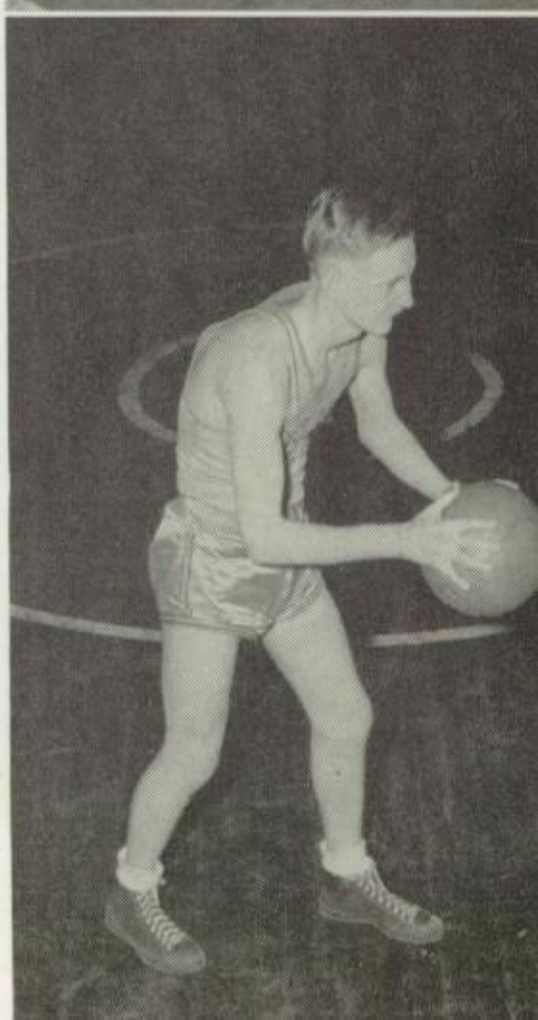
JIM HEFFLEY, the only Senior on the squad, became captain after the loss of Lee Hunter. The tally shows that Heffley accounted for 12 field goals and 14 fouls, a sum of 38 points. Dispite the fact that he was the shortest of the quintet, Jim was outstanding for his determination and courage.

PAUL BROWN started the year as a varsity substitute, and was given the important center position midway through the season. With very little previous experience, Brown came through to make 20 field goals and 19 fouls to total 59 points. Now a Sophomore, he should be a very valuable player in the future.

LEE HUNTER, elected this year's captain, was forced to curtail his cage career due to an injury suffered at Somerset in the early part of the season. Before he was hurt, Hunter had made 38 field goals and 17 fouls for a total of 93 points.

DWANE YODER, first-string sub, was quite capable in every position he was called upon to fill. This year marks the end of his court performances for Boswell High. His few minutes of play in the games allowed him 3 field goals and 1 foul for a 7 point total.

BOB BROUGHER is a fine offensive and defensive player, stacking up 61 field goals and 32 fouls to become runner-up on the scoring chart with 154 points. Brougher is an all-around good cager and is outstanding as a rebound man. Another Junior, he returns to action next year and promises to be a vital asset to the Bears.



PAUL BARANIAK started out the year as a J. V. and was promoted early in the season to a post as one of the first subs. He is being groomed to fill Heffley's shoes when the guard is lost by graduation. This tall, blond Sophomore was very successful in defensive work, and should gain additional skill from the game he participated in.

TWENTY FIVE YEARS OF PROGRESS

In the past quarter of a century Boswell High School has grown from a school consisting of three rooms in the grade school building, with three faculty members, to an institution whose name ranks among the outstanding schools of Somerset County.

In 1921 the school was housed in three rooms on the upper floor of the present Grade School building. It was then but a two-year course. In 1922 the school course was extended to cover three years. In 1924 the school was made a credited four-year high school and the Seniors were held over for another year of work before being given diplomas. The first four-year graduating class had 13 members.

The present building was erected in 1923. However, it consisted of only what is now the main corridor of the building. On a snowy day in January, 1924 the classes moved into their new home. How proud they were . . . clean walls, new equipment, desks unmarred by former students' carelessness. And greatest of all . . . space . . . to expand and grow.

At this time all indoor athletic events and extra-curricular activities were held in the old "Opera House"; a hall over the building then standing on the site of the present I. O. O. F. Hall. When that building was destroyed by fire, the school felt a growing need for a gymnasium and in 1928 the "gym" was built. Now the school had a room large enough for public gatherings. Today we cannot even imagine the possibility of depriving ourselves of our gymnasium, for it has become the social center, not only of the school, but the community as well.

The enrolment grew steadily and soon overflowed the class room space provided in the original building. An addition was made consisting of one large room on the first floor, with two classrooms on the second floor. The first floor room was used as a study hall. At this time the library facilities were two tables at the back of the study hall and approximately one hundred and fifty books.

During the term of 1931-32 the library was moved across the hall into the small room now used by the Home Economics Department. This was an improvement but the lack of space was felt very keenly. It was possible to accommodate only about ten students at any one time.

Until 1930 the curriculum was strictly academic. In 1930, the Commercial Department was added. Miss Virginia Shope, of Altoona, Pennsylvania, was the first Commercial teacher.

1931 saw Music added to the schedule. Prior to this time any activity in the field of music depended, in a great measure, upon the willingness of some faculty member to give of his time and talents after school hours, to serve as instructor. In 1932, through the efforts of Rev. Weed, English Instructor, the Boswell Post of the American Legion donated the school instruments to serve as a neucleus for a band.

1936 was an outstanding year in the growth of Boswell High School. When students returned to classes in the fall they found two new departments added to the curriculum. The Art Department was under the capable leadership of Miss Alice Fulton of Indiana, Pennsylvania and James R. McMinn, a graduate of Penn State College, met the Agriculture classes.

At the opening of the 1937-38 term the girls were given the privilege of attending Home Economics classes. Miss La Rue Krause of Boswell served as teacher. The classes met in the Grade building and were considerably handicapped by lack of equipment.

During the fall of 1938, while most students and faculty members were present at a night football game played with Ferndale at the Point Stadium in Johnstown, disaster struck. A fire broke out in the building and before the flames could be brought under control, considerable damage was done to the main section of the building. It was temporarily repaired and classes resumed within a week. But many students will remember attending classes for the remainder of the winter, bundled up like Eskimos, the heating system having been damaged severely.

The last edition made to the building was the ell housing the present library on the first floor with an additional classroom above it. This was a big step forward for Boswell Students for the library with its cheerful, quiet atmosphere and its large selection of both reference books and fiction, does much toward helping them in their quest for knowledge.

Much more could be said concerning the growth of Boswell High School—its athletic program, extra-curricular activities, club program, the projects completed in the wood shop, Religious Instruction classes . . . all are expanding, all are helping to make this quarter of a century a period of steady growth upward and outward as the school sends forth its graduates to take their places in the life of the community round about us.

DO YOU REMEMBER WHEN:

1. All girls taking part in any Athletic events or gym classes were required to wear long sleeved blouses, black sateen bloomers, and long black stockings? It was indecent to expose any bare skin except ones face and hands.

2. Dancing in the gym was strictly prohibited?

3. The coal bin was converted into a music room and later into the woodshop?

4. Upper classmen were not permitted to initiate Freshmen; penalty for said act being immediate expulsion?

5. The Seniors did not have to make "Shakespeare Notebooks"?

6. M. T. Miller, our friend and esteemed Math teacher, cautioned us not to put apples in the peach basket and expect to get grapes?

7. The Band was not working to acquire uniforms?

8. Coach Lichliter began to lose his hair?

9. Mr. Speicher did not have the "flash-call" to check on noise in classrooms?

10. Boswell had a football player that topped two hundred pounds?

11. Mr. Horner did not have sawdust in his hair?

12. Somerset High School was not our rival in all Athletic events?

13. Teachers were ever satisfied with our work?

14. Boswell High School girls wore their dresses six inches from the floor?

We Are Five Kinds

There are five kinds of people:

1. The leaders—the kind who do the right thing at the right time without being told. This is a very small group.

2. The second kind do the right thing when told once. Here is the dependable group, a small group.

3. The third kind must be told twice. Most of us are in this group.

4. The fourth kind must be lashed into their work. This kind is never "paid what they are worth" and are always "abused."

5. The fifth kind amounts to nothing, and is a burden at all times.

All of us can at least climb one notch higher, and that helps. The Standard Services are designed to assist people to ADVANCE to the higher group.

Regardless of which bracket you are in, if you need flowers for any occasion Ginter will supply them.

"Good to forgive, best to forget."

Browning—

"The making of friends, who are real friends, is the best token we have of a man's success in life."

Edward Everette Hale—

"Our greatest victory is not in never falling, but in rising every time we fall."

Confucius—

Dost thou love life? Then waste not time; for time is the stuff that Life is made of."

Benjamin Franklin—

"People seldom improve when they have no other model but themselves to copy after."

Goldsmith—

"If it is not right, do not do it. If it is not true, do not say it."
